Title: MissionFateh

Mission Fateh was launched in the college to spread awareness about the pandemic and also to help the infected people of the region with the much needed accessories to fight off Corona virus.

2 Objective of the Practice: To objective was to keep the citizens hale and hearty and protect them from the attack of the deadly virus.

The Context : Mission Fateh was launched by the Punjab Government to combat the deadly virus. Its name indicates that it is a war waged against the virus with an aim to winning the same. It was launched to help Corona infected people to fight off the virus. Masks and sanitizers were distributed to the villagers. They were also made aware of the virus and its consequences . They were trained how to protect themselves from the virus.

The Practice : Under ' Mission Fateh' programme , a door to door campaign was launched. The NSS volunteers of the college were trained to make the mission a success. The NSS volunteers visited villages in and around Nakodar and handed over the Mission Fateh kit to the needy along with educating the villagers about Corona virus and how to protect themselves from it.

Evidence of success : The Mission Fateh was a huge success as it helped people fight off the virus in a better way. It helps contain the spread of the virus besides saving a lot of lives.

Problems Encountered and Resources Required: Mission Fateh faced problems. The villagers were reluctant to entertain the NSS volunteers. They had a lot of misgivings about the Fateh kit. But these hiccups were easily overpowered by the team. Logistics was another big issue during lockdown. But it was also managed.

As far as resources are concerned, the college staff and a few philanthropists contributed generously to the.

Title: Skill Development Programme:

During pandemic , various skill development programmes namely, ‘Advance Diploma in cutting, tailoring and fashion designing, Diploma in Beauty Therapist & Wellness, Advance Diploma in Trainee Chef & Multi-cuisine cook and Diploma in communication skills’ were started by the college in the ONLINE mode.

Objective of the Mission: The objective of the mission was to hone the skills of students to make them self- reliant and also to prepare them for the emerging job market.

Context: The skill Development courses started by the college were UGC approved. They were so designed that they sharpen the culinary, communication, stitching and make-up

skills of students. The key aim of these diplomas was to prepare students for the emerging job market besides helping them find an economic space both in India and abroad.

Practice: Since these Diploma courses were introduced for the first time in the college, all the concerned faculty members put in their best efforts to make students know the significance of these courses. Classes were held ONLINE. When relaxation in Covid related restrictions were given, then hands-on training was given to students, esp. in practical subjects.

Problems encountered: Different types of problems were encountered. It was not easy to advertise the programme during Covid -19 induced restrictions. However, these courses were advertised on different social media platforms. The second biggest challenge was to teach students via ONLINE mode. Resource mobilisation was another issue. However, these were overcome by the continuous efforts of the Hon'ble principal and the concerned faculty.
